

Art

"I dream my painting and I paint my dream."

Vincent van Gogh

Course content

In Year 7 pupils will be taught to develop their creativity, ideas and increase skill in their work. They will develop an understanding of artists, craftspeople and designers, expressing reasoned judgements that can inform their own work.

Skills developed

- To use a range of techniques to record their observations in sketchbooks, journals and other media as a basis for exploring their ideas
- To use a range of techniques and media, including painting
- To increase their skill in the handling of different materials
- To analyse and evaluate their own work and that of others
- The history of art, craft, design and architecture, including periods, styles and major movements

Topics covered

- History of art
- History of craftspeople and designers
- Styles and major movements of art
