Similes

Can you explain what these are to your grown ups?

Have a think at home - can you create some similes of your own?

Spellings

Well done for the super efforts with your spellings!

Prefix 'mis'

| | |
|------------|---------------|
| misbehave | misinform |
| misconduct | misjudge |
| misguide | misplace |
| mishear | misread |
| misheard | misunderstand |

Maths Challenge

We have continued with multiplication and division this week recapping all of our skills! At home can you show your grown ups how to solve calculations using:

- Grid method multiplication
- Short method multiplication
- Division with chunking on a number line
- Division with the bus stop method

This half-term, our new topic is all about early civilization in Britain.

Our big learning question is:

Who was the first to live in Britain?

Your project can be anything that is connected to early Britons. It might be a photograph of a shelter you made at home, a cave painting, a report about the Celts or even your very own mini Stonehenge!

Have fun and be creative!
