

Year: 4

Date: 15/2/2019

What is Further Learning?

Further Learning is a key part of your child's development and strengthens the links between home and school. Please encourage your child to be an independent learner with their Further Learning. You can support your child by encouraging them to be a growing brain and try their best!

Each week we will be sending a maths and English challenge for your child to complete. These are the non negotiables within your child's year group which are considered the core objectives a child needs to achieve in order to make good progress in learning the following year. When children hand in the home learning books each week, we will celebrate all the learning and practice children have done as a class.

As well as weekly English and Maths challenges, we will also be sending a half termly home learning project which links to the learning project we are covering at school. This is to be handed in during the last week of each half term.

Next half term we are trying to answer the Big Question:

Why were the Normans' castles not bouncy?

Can you do some research over the half term - who were the Normans? Why are they an important part of British history?

Half Term Challenges

Make sure you have fun this half term holiday, stay safe, spend time with family and friends and have a well earned rest. See you all in a week!

English Challenge

Reading Challenge

Read each day this half term holiday and earn a Dojo point for each time!

Date	Signature	Date	Signature
16/2		21/2	
17/2		22/2	
18/2		23/2	
19/2		24/2	
20/2		Total Points	

Numeracy Challenge

Can you invent a game to help remember your times tables?

By the end of Year 4 we all need to be able to recall any multiplication fact from the 1 to 12 times tables.

Can you invent a game that helps you and your friends remember those facts?
