

Religious Education

"Science without religion is lame, religion without science is blind."

Albert Einstein

Course content

Following the Leeds agreed syllabus pupils extend and deepen their knowledge and understanding of a range of religious and world views. As part of knowing and understanding world views pupils are taught to explain and interpret a range of beliefs and teachings as coherent systems of seeing the world.

They will be able to explain why individuals and communities believe and value different things. This process will allow pupils to establish their own identity and self-worth.
