

# Literacy

## Course content

Literacy teaches pupils to speak and write fluently so that they can communicate their ideas and emotions to others and through their reading and listening pupils have the chance to develop culturally, emotionally, intellectually, socially and spiritually. Literature especially plays a key role in such development.

Reading also enables pupils both to acquire knowledge and to build on what they already know. All the skills of language are essential to participating fully as a member of society.

## Skills developed

- Writing
- Listening
- Communication
- Social skills
- Language skills

## Topics covered

- Languages
- Speaking
